**For the Way You
Operate...**

FLEX-6000 Series with Maestro

"The FLEX-6000 Series, in combination with Maestro, is simply the best contest radio. It is simple to setup and operate with minimal cables and no interface boxes required for any configuration. I can go from SO, M/2 to SO2R in just a couple of minutes. The Maestro is the perfect, easy to use, interface to the radio. Every K9CT operator states that the audio quality is excellent and less fatiguing. And it provides great ergonomics."

- Craig Thompson, K9CT
